\$1,300,000

Creating hand-hewn structural beams using mortise-n-tenon joint expertise, Custom Town Construction offers homes with an authentic Colorado style. Throughout our homes one can find the charm of the natural world ---moss rock, walnut cabinetry, solid hickory floors, travertine and slate flooring, and complete cedar siding. Working with your family to bring your craftsman dream home to reality is Custom Town's goal. Experience our newest creation that illustrates our commitment to detail and originality.
