388 Vision Way

About 388 Vision Way: ZEN MEETS WEST!.....This owner/builder design is 4300 sq. ft. of custom character! This home is built with the elements of earth in mind. Constructed with RASTRA BLOCK, radiant in-floor heat, and natural elements of stone and bamboo flooring throughout the home. Solar heat and electric prove this home is kind to the earth and all who visit here. The quality craftsmanship shines in the perfect placement of the home, a bridge connecting the master suite and spa and many more masterful touches. This 3 bedroom 2 bathroom has all of the luxuries of a southwest spa! A cedar sauna, steam room and hot tub entertain up to 8 and has an exercise room that rivals high-end hotels. An outdoor water feature and indoor weeping wall combine the elements of a zen lifestyle. Beautiful cabinetry and doors by superior craftsmen Schiavonne Woodworking, and masterful masonry shine throughout the house with two sandstone fireplaces and natural stone paths in the landscape and boulder-scaping. A must-see for more quality touches.
