**Town and Country Homes, LLC ◀**

Welcome to Greenfield Park, Ellensburg’s finest adult (55+) community. Greenfield Park is situated in the Sanders Mill neighborhood adjacent to the city’s newest city park. Just 18 single family homes comprise this latest Town and Country Homes project. Specially designed for a maintenance free lifestyle, Greenfield Park offers the maximum of luxury and a minimum of impositions on your active lifestyle. Nostalgic new architecture, professionally designed luxury kitchens and baths, paver walks and patios, family rooms that extend to private courtyards. All homes are Energy Star® certified and use 90% efficient furnaces. The combined package results in the most energy efficient homes in this project. Greenfield Park is also a Built Green® Community. “Built Green®” homes are designed to provide homeowners with comfortable, durable, environmentally friendly homes that are cost-effective to own and operate. These resource-efficient homes are crafted to exceed building codes and provide homeowners with years of healthy, quality living, while protecting the valued Northwest environment. All snow removal and landscape maintenance are taken care of by the Homeowners’ Association. No more worrying if your yard will be okay if you take a well deserved vacation. Your new lifestyle is here waiting for you. Come visit Greenfield Park today.
